Summary

Highly motivated computer science student seeking for interesting internship programs . Skilled in problem solving and Java programming. Eager to join a team where I will deepen my knowledge and gain experience.

Programming and Math Skills

- Algorithms and Data structures
- Problem Solving
- Unity game development
- Java
- Discrete Mathematics
- DataBases
- Python
- C#
- C
- Ocaml
- Computer Architecture
- PostgreSQL

Awards and Accomplishments

Winner of Millennium innovations award
Leonardo Da Vinci - innovations contest finalist
Student teaching assistant in Algorithms and Data Structures at KIU
Oracle Certified Associate, Java SE 8 Programmer
Dean's List of KIU (2021-2022 years)

Education

Bachelor of Science: **Computer Science** – 2021 - present
Kutaisi International University (KIU)

Languages

English – C1
Georgian – Native
Spanish – A2

Projects

- Chat with threads between server and user
- Hyper-casual game prototype
- Minor back-end APIs and web apps in Spring and .NET
- Minor projects, which are uploaded on my Github
